### **06/21 To Receive an update on the Bluebell Campaign**

The Chair of the Bluebell Campaign attended to provide an update as follows:

- The Bluebell failed to sell at auction.
- The campaign group spoke to owners that evening who agreed to sell to the group at a defined price and are proceeding on that basis. They have instructed solicitors.
- The share offer was in progress up to the 31<sup>st</sup> January 2021 deadline. There had been 200 investors so far.
- There was just less than £40k left to raise to buy the building excluding renovation costs of around £70-80k.
- The support from Stephen Fry before Christmas on social media was immensely helpful with investors contacting the group from around the world as well as bolstering interest from the local community.
- The Asset of Community Value (ACV) status was outstanding from the BCKLWN and it was hoped would be put in place very soon.
- A structural survey was about to be commissioned by the group.
- Things were looking particularly good currently for the project.

The Chair of the Bluebell Campaign thanked the Parish Council for their support and following a query advised they hoped to purchase both plots applicable to the pub. The Parish Council thanked the Chair of the Campaign Group for his update and left the meeting.

### **07/21 To Receive a Neighbourhood Planning Working Group Update**

The Neighbourhood Planning Working Group meeting approved meeting notes on 6<sup>th</sup> January 2021 which had been summarised at Parish Council meetings. Cllr Andy Hayward shared that the group had been working on the draft plan policies to complete by 10<sup>th</sup> January and everyone had put a lot of work into it. Further discussions with Locality and AECOM regarding design codes were recommended to go ahead though were currently pending with Locality for their approval. The grant for that piece of work would be paid directly from Locality to AECOM. The Neighbourhood Working group meeting would next meet on 12<sup>th</sup> January.

## 08/21 To Enact the General Power of Competence

Information had been circulated to Councils on the General Power of Competence. The Council had no questions.

**RESOLVED:** That it be proposed that the Stoke Ferry Parish Council enacts the General Power of Competence and that in doing so it confirms that it has the following in place; Two thirds or more of the Councillors have been elected; rather than co-opted or appointed as of 6<sup>th</sup> January 2021 where seven of the nine Councillors are elected and the Clerk to the Parish Council holds The Certificate in Local Council Administration as of 22 April 2020. (Cllr Sue Lintern proposed; Cllr Kit Hesketh-Harvey seconded; all were in favour).

## 09/21 To Approve the Budget and Precept 2021/22

The Clerk had circulated the draft proposed Budget and Precept information for 2021/22. The Council agreed through discussion that it preferred not to raise the precept for 2021/22 as the accounts were favourable and as a token to the community during which had been a difficult year and for the months ahead it was felt prudent to reduce the precept by £1k from what had been requested in 2019/20.

**RESOLVED:** That the proposed Budget for 2021/22 be approved and the amount of £14,806 be precepted for 2021/22. (Cllr Janet Taylor proposed; Cllr Sue Lintern seconded, all were in favour).

## 10/21 To Monitor the Action Plan 2020/21

The Chair summarised the projects in hand and advised that the badges for the finger posts were held whilst missing finger posts were resolved with the Right of Way Officer. The cemetery path, climate change, parish action plan and tree planting would be deferred to the 2021/22 action list. The Clerk agreed to add Buckenham Drive land transfer. The Common Land would be discussed further in February.

## 11/21 To Approve Thank You Gift for Retiring Volunteer Resident

The Chair advised that the Editor of the Village Pump magazine had retired from the role which he had voluntarily undertaken over the last 20 years giving many hours of his free time a month. The Chair suggested that the Parish Council gift him in recognition of exceptional and outstanding public service under general power of competence within acceptable items class 10. The Pump had serviced the Parish Council for the past 20 years and without this form of communication the community would have been a lesser well off.

**RESOLVED:** That a gift be purchased of up to £150 by way of a framed picture and/or a tree planted within the parish in honour of his services be approved. (Cllr Sue Lintern proposed; Cllr Janet Stocking seconded, seven were in favour and one abstained).

### **13/21 Urgent Matters – Chairman**

The Chair shared that at the beginning of the Covid-19 pandemic the Parish Council had applied and were successful in receiving a grant to assist the community with any needs they may have had as a result of hardship. It was returned to Norfolk County Foundation in full as volunteers at the time did not require reimbursement for shopping and prescription journeys made for residents as it had been fitted around their own journeys. However, the volunteers were now willing to help residents who may need transport to get to their vaccination that could be as far away as Terrington St Clement. Thermometers and facemasks needed to also be available for volunteers before transportation could take place. The Chair had asked the Norfolk Community Foundation for information on available grant funding to cover transport costs and thermometers and awaited details and agreed to keep the Council up to date on progress.

### **14/21 To Receive Urgent items of concern & matters to be included on the next agenda from the Parish Council and note forward items**

The Clerk agreed to thank to Mr Sparkle for taking down the Christmas lights.

The Clerk agreed to report fly-tipping on the Common and on the A134 in the direction of the roundabout on the bypass.

Cllr Kit Hesketh-Harvey shared that he believed the BCKLWN had stated that they wished the Mill to hold quarterly meetings of the Mill Liaison Committee and the last meeting had been held in August. There had been no information regarding the Snetterton site planning application from Breckland Council since November 2020. The Environment Agency had replied to a personal report made by Cllr Kit Hesketh-Harvey about two squeaking conveyor belts in December 2020 over four-day period and a second three days later. He shared that he had not complained directly to the Mill, but he had wanted to see how long the Mill noticed before they acted themselves. The Clerk agreed to contact the Mill and ask their procedure for monitoring noise as well as following up on a copy of the noise survey.

Cllr Andy Hayward attended a webinar regarding recycling credits and the Clerk agreed to add to the February agenda.

**15/21 Cllr Colin Sampson (BCKLWN) and Cllr Martin Storey (NCC), if in attendance**

**Cllr Martin Storey** – He had joined the meeting but due to internet issues had to leave but had shared that if there were any issues to contact him.

**Cllr Colin Sampson** - Shared that he had found it was not acceptable where planning applications noted 'unknown species' of trees and this should not happen as people should understand what the species was before cutting or removing. He would encourage anyone to report fly-tipping where found. Virtually everyone at the BCKLWN was doing an additional or new job because of COVID-19 and more so since before the first lockdown, so he wished to advise all to be patient when contacting them for a response on anything as it effected all departments. The food collection aspect of the waste contract was still being negotiated though other parts of the service will carry on. The new contractor was due to start in April 2021. He added should anyone need anything he can help with to contact him with details available online via the BCKLWN website.

The meeting was adjourned and reconvened, there were no comments.

**17/21 To Confirm the Date of the Next Ordinary Meeting** – Wednesday 3 February 2021 at 7 pm.
